Endorsements & Schedule Modifications

HO-23 Roof Surfacing Payment Schedule (Effective 03/15/2026). Notwithstanding the replacement-cost basis that otherwise applies to the dwelling, loss to **roof surfacing** caused by wind, hail, or a named storm is settled on an **Actual Cash Value (ACV)** basis where the roof surfacing exceeds ten (10) years of age at the time of loss.

§4(b): For a covered named-storm loss, roof surfacing is payable at ACV, with all other dwelling components settled at replacement cost, subject to the applicable named-storm deductible shown above.

Cosmetic Loss Exclusion — Roof. Marring, denting, or other cosmetic damage to roof surfacing that does not compromise the roof's function to keep out water is excluded.

Excluded Perils (not covered under this policy)

The following are **not** covered and are not insured under this Declarations: **Flood and surface water** (a separate flood policy is required; none is on file for this location); **Earth movement**; ordinance or law beyond scheduled limits; neglect; wear and tear. No flood coverage, and therefore no flood deductible, applies to this policy.
